

DSC 203 Discipleship & Spiritual Practices VI

4C Ministry Institute

1 Unit

Course Description

This is the sixth of a multi-term course sequence that prepares and empowers students to become disciples who make disciples. This term is focused on assimilating students into a group under the guidance of a trained mentor who models strategies for practicing the ways of Jesus in community. The ways of Jesus are reflected in three major life rhythms: 1) He enjoyed life with God, 2) together with others, 3) for the good of the world.

Course Rationale

Discipleship is a foundational part of the Christian life. Christ followers are called to be disciples by continuing to grow in their imitation of Him and they are also called to inspire others to become more like Jesus by their example. Therefore, acquiring and demonstrating the knowledge, skills, and behaviors necessary to effectively disciple others are essential outcomes for anyone who is training for ministry.

Course Objectives

Students who complete this course sequence will:

- O1. Describe the Biblical definition and rationale for discipleship.
- O2. Assess models of discipleship to determine their effectiveness and contextual relevance.
- O3. Utilize the rhythms of Jesus as described in the Bible as a model for discipling others.
- O4. Design a personal practice for discipling by analyzing current models for discipleship.

Bible reading

Students will read the Bible every week, typically following the following schedule, though different passages may be selected and assigned. Each assigned passage must be read four times in preparation for the discipleship group meeting. *Students will take a one-question quiz in Top Hat at the end of the term to identify the percentage of the total reading assignment that was completed.*

- What are the most important knowledge points, values, skills, and habits you developed since beginning the discipleship program and how will they inform and improve your future discipleship efforts?
- To what degree did you consider yourself confident and capable of discipling someone before you began the discipleship program and how does that compare to how confident and capable you feel today?
- Without naming names, what specific story can you share about a person in your discipleship group that demonstrates your ability to effectively lead spiritually?
- What were the key frustrations and joys you experienced throughout the discipleship program?

Grading Scale

DSC 203 is a Pass/Fail course. **Students must earn a 77% or higher in the course to pass.**

Deadlines

Monthly Evaluations

Monthly evaluation forms will be open on the first Monday-Thursday of each month. Information provided on the monthly evaluation form must provide an accurate reflection of the student's engagement, experiences, and work during the previous month. A student who fails to complete a monthly form may request permission to submit the evaluation late, though late submission may be penalized 50%.

Capstone Reflection Paper

The capstone reflection paper is due one week prior to the last day of the discipleship term (the specific date is noted in Top Hat). Papers submitted after the due date may be penalized 10%/day, and no work will be accepted after the last date of the discipleship term.

Writing Assignments

Assignments must be type-written, double-spaced, using no larger than standard 12 pt font in Microsoft Word. Assignment subject and student name should be clearly noted.

Academic Integrity

All work, other than material properly cited, is to be the *original* product of the student. Plagiarism will result in failure of an assignment and potential failure of the class. See the 4CMI catalog/handbook for more information.

Make-Up Work

Students are *personally* responsible for securing and making up missed work. If an absence is required, it should be communicated ahead of time to avoid a penalty. Assignments are still due on the scheduled dates.

Academic Support

Students who require academic accommodations due to a documented physical, psychological, or learning disability should request assistance from the professor within the first week of class.
